

# Certificate of Efficiency for the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010

*Section 25C of the Internal Revenue Code and H.R. 4853, ENR (Sec 710)*

The thermal efficiency of the BuckStove models listed below has been determined to be greater than 75% and qualifies for tax credits of 10% (up to \$300) as authorized for biomass-burning home heating stoves by the amended Economic Recovery and Reinvestment Act of 2009. The efficiencies comply with the guidance published by the U.S. Internal Revenue Service (IRS) for "Qualified Energy Property". Homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits.

## *Qualifying BuckStove Products:*

### Bay Series

Model 81  
Model 91  
Model 94

### Premier Series

Model 85

### Traditional Series

Model 21  
Model FS21  
Model 74 / 51  
Model 261

Valid On Units  
Purchased Up To:  
December 31, 2011
